

Final Deliverables

Team ID	PNT2022TMID32073
Project Name	Personal Assistance for Seniors Who Are SelfReliant

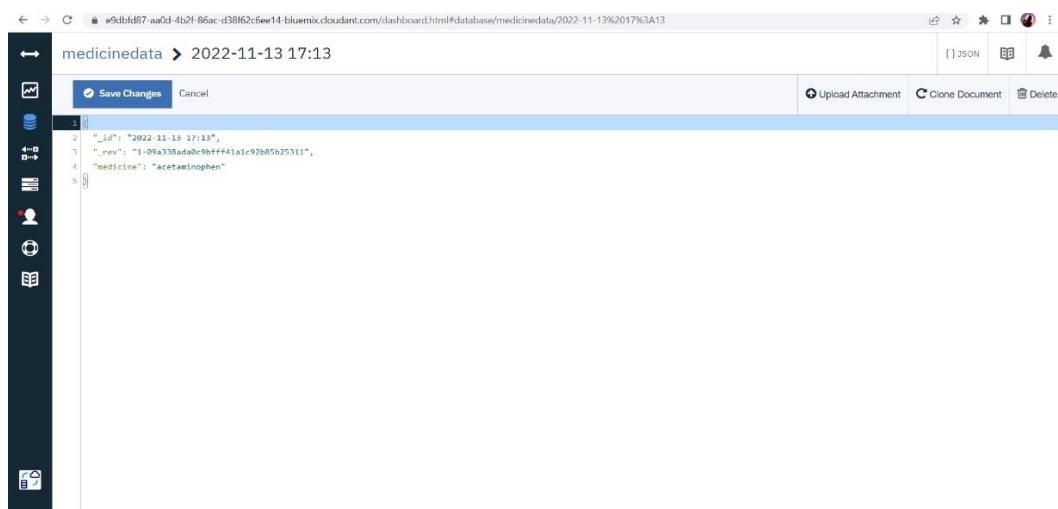

Web Application

1. Get Data From User:

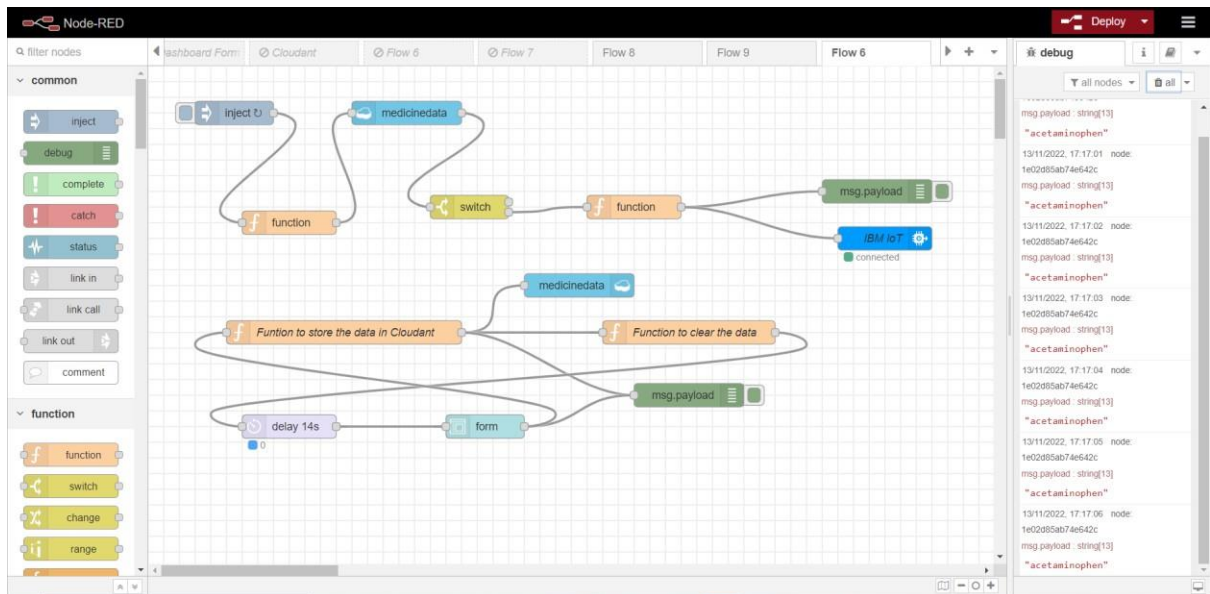

The screenshot shows a web application interface with a blue header bar containing a hamburger menu icon and the text 'Main'. Below the header, there is a light gray background. In the center, there is a white box titled 'Form'. Inside the form, there are three input fields: 'Medicine' with the value 'acetaminophen', 'Date' with the value '2022-11-13', and 'Time' with the value '17:13'. Below these fields are two buttons: 'SUBMIT' and 'CANCEL'.

2. Stored in Cloudant

3. Display in Node-red

4. Streaming in Watson IoT Platform

The IBM Watson IoT Platform dashboard displays the following information:

- Device ID:** b11m3edeviceld
- Status:** Connected
- Device Type:** b11m3edevicetype
- Class ID:** Device
- Date Added:** Oct 29, 2022 9:44 PM
- Descriptive Location:**

The **Recent Events** tab shows a live stream of data with the following table:

Event	Value	Format	Last Received
IoT Device	{"medicine": "acetaminophen"}	json	a few seconds ago
IoT Device	{"medicine": "acetaminophen"}	json	a few seconds ago
IoT Device	{"medicine": "acetaminophen"}	json	a few seconds ago
IoT Device	{"medicine": "acetaminophen"}	json	a few seconds ago
IoT Device	{"medicine": "acetaminophen"}	json	a few seconds ago

5. Simulation
